To Whom It May Concern:

Maya Wiseman was employed at Twist Image initially as an Integrator, and then became a Project Manager. Through her own passion, she took on more complex roles in usability and functionality. At the time, Twist Image got involved in more technical rapid prototypes, and Maya helped with the brunt of this new direction.

Maya is passionate, dedicated, caring and willing to go the extra mile. She displayed a keen and personal interest in understanding the online space and encouraged others within the team to think about the end consumer.

It is with great pleasure that I write this letter as a reference for her.

Should you have any questions, please feel free to contact me directly.

Best regards,

Mitch Joel
